

WE'RE FUNDRAISING FOR A SCULPTURE IN THE PLAY-PARK, NEWNHAM ON SEVERN

There is a tree stump in the playground next to St. Peter's Primary School crying out to be cheered up and artistically carved into. The schoolchildren have already been coming up with ideas and we hope the selected artist will have a look at them when developing the design.

To pay for a professional sculptor to transform it from a stump to a piece of art we need to pay fees to the artist. The artist, in turn, will need to have suitable insurance and equipment to work in the public realm. We're very grateful to Newnham Parish Council for their support and to the Harmony project for agreeing to bank the money raised, so it will be in safe hands.

It will be a great addition to the playground, which is also due to undergo some work by the Parish Council in due course. A sculpture will be the cherry on the cake!

We need to raise £1,500

How to donate:
